

EBMWG 2025

XVII International Bone Marrow Course and Workshop, Salzburg, April 10th – 12th

Preliminary Scientific Program

Thursday, April 10th (DAY 1)

08:30-09:00 Registration

Bone Marrow Course, 09.00-13.00

- | | | |
|-------------|------------------------------------|---|
| 09.00-09.30 | Roos Leguit (Utrecht, NL) | The spectrum of reactive and therapy related changes in the bone marrow |
| 09.30-10.00 | Daniel Arber (Chicago, USA) | Diagnostic approach to B-cell lymphoproliferations in the bone marrow |
| 10.00-10.30 | Mats Ehinger (Lund, SE) | Flow cytometry in bone marrow diagnostics |

Coffee 10.30-11.00

- | | | |
|-------------|--|---|
| 11.00-11.30 | Hans-Michael Kvasnicka (Wuppertal, DE): | MDS and MDS/MPN overlap |
| 11.30-12.00 | Alexandar Tzankov (Basel, CH): | Patterns of progression in myeloid neoplasms |
| 12.00-12.30 | Arturo Bonometti (Milan, IT): | Diagnostic approach to histiocytic neoplasms in the bone marrow |
| 12.30-13.00 | Konnie Hebeda (Nijmegen, NL): | AI applications in bone marrow diagnostics |

Lunch 13.00-14.00

Topic 1, 14.00-15.40: Histiocytic and dendritic cell neoplasms (Chairs: Roos Leguit and Alexandar Tzankov.)

- | | | |
|-------------|---|--|
| 14.00-14.40 | Keynote lecture by Jean-Francois Emile (Paris, FR): | Histiocytoses: general concepts, principles of classification, molecular features, future developments, and future unified classifications |
| 14.40-15.10 | Falko Fend (Tübingen, DE) | Plasmacytoid dendritic cell neoplasms and differential diagnosis |
| 15.10-15.40 | Cor van de Bos (Utrecht, NL)* | Histiocytic and dendritic cell neoplasms - the clinical perspective |

Coffee 15.40-16.00

Bone Marrow Workshop Topic 1, 16.00-18.00 (Chairs: Falko Fend and Karl Sotlar)

FRIDAY, April 11th (DAY 2)

Topic 2, 09.00-17.30: Myeloid neoplasms with unusual patterns of disease progression other than acute leukemia

Session 1: Chairs: Hans-Michael Kvasnicka and Attilio Orazi

09.00-09.40 **Keynote lecture** by Alessandro M. **Vannucchi** (Florence, Italy): Progress in our molecular understanding of MPN

9.40-10.10 Robert **Hasserjian** (Boston, USA): Patterns of progression in myeloid neoplasms

10.10-10.40 Andreas **Reiter** (Mannheim, DE): Progression of myeloid neoplasms from a clinical perspective

Coffee 10.40-11.00

11.00 – 11.40 **Keynote lecture** by Rebekka **Schneider-Kramann** (Aachen, DE): The role of the bone marrow niche in myeloid neoplasms

11.40-12.10 Christian **Schürch** (Tübingen, DE): Codex multiplex tissue imaging

Lunch 12.10-13.00

Session 2: Chairs: Leonie Saft and Falko Fend

13.00-13.30 Peter **Valent** (Vienna, AT): Mastocytosis – the clinical perspective

13.30-14.00 Karl **Sotlar** (Salzburg, AT): The spectrum of bone marrow manifestations in systemic mastocytosis

14.00-14.30 Sa **Wang** (Houston, USA): Myeloid/lymphoid neoplasms with TK gene fusions – new entities

Coffee 14.30-15.00

Bone Marrow Workshop Topic 2, 15.00-17.30 (Chairs: Sa Wang and Alexandar Tzankov)

SOCIAL DINNER FRIDAY 11th of APRIL 7 pm

Saturday, April 12th (Day 3)

Topic 3, 09.00-12.30: B-cell lymphoproliferations in the bone marrow without defining molecular features (Chairs: Konnie Hebeda and Mats Ehinger)

- 09.00-09.40 **Keynote lecture** by Davide **Rossi** (Bellinzona, CH): Molecular landscape of small B-cell lymphomas (without defining features)
- 09.40-10.10 Alberto **Zamo** (Würzburg, DE) Diagnostics of small B cell lymphomas in the bone marrow
- 10.10-10.40 Alexander **Egle** (Salzburg, AT) Indolent B-cell proliferations in the bone marrow – the clinical perspective

Coffee 10.40-11.00

- 11.00-12.00 **Keynote lecture** by Attilio **Orazi** (El Paso, USA): Bone marrow pathology in the classification of myeloid neoplasms: a personal perspective

Lunch 12.00-13.00

Bone Marrow Workshop Topic 3, 13.00-15.00 (Chairs: Gorana Gasljevic and Leonie Saft)

- 15.00-15.15 **Concluding remarks:** Karl **Sotlar** (Salzburg, AT), Leonie **Saft** (Stockholm, SE)
